## Important News

**Annual Return Label.** To ensure proper credit to your account, remove the label from the cover of your coupon book and place it on your annual return. Annual returns that are not properly identified will not be processed.

**Claiming Exemption.** A purchaser making a purchase that qualifies for exemption from sales or use tax must provide the seller with a completed exemption certificate. A seller is required to collect sales or use tax on a sale at retail when the purchaser fails to provide the required exemption certificate. A *Michigan Sales and Use Tax Certificate of Exemption* (Form 3372) can be found on page 37 and may be reproduced as necessary. This form is also available on the Treasury Web site.

**Accelerated Tax Payments.** Taxpayers who pay more than \$480,000 in **withholding** tax each year are required to pay this tax more frequently. If you are an accelerated filer, you are required to pay withholding taxes by Electronic Funds Transfer (EFT). We encourage you to file **all** your taxes by EFT as this will eliminate the need to file monthly paper returns.

Filers who pay more than \$720,000 in **sales or use tax** each year must pay their sales **and** use taxes more frequently. Payments must be made by EFT. If this applies to you and you have not been contacted by

Treasury, or you would like more information about accelerated payments, call 517-373-3190 to request *Questions and Answers About Paying Your Sales and Use Tax on an Accelerated Basis*.

If you pay your **sales tax** on an **accelerated basis**, you are required to make your electronic transmissions as follows:

1. The first transmission of 50% of your current month tax liability is due on or before the 15th day of the current month.
2. A second transmission of 50% is due on or before the last day of the current month.
3. A reconciliation (third) payment is due on the 15th day of the subsequent month.

There is no maximum dollar amount of discount per month. The minimum discount is \$6.00. All discounts will be calculated at 1/2 of 1% (x .005). The discount 3/4 of 1% (x .0075) is no longer applicable.

**Sales Tax License Fee Due Date.** This \$1.00 fee is due with your annual return on February 28. The license expires in September, but the license in your coupon book is valid until September of the following year.

**Filers Who Pay Once a Year.** Filers with no deductions should use the simplified instructions on page 13.

**Address or Business Changes.** To make address or business changes, use the *Notice of Change or Discontinuance* form in your coupon book. **Do not write the information on the return.**

**Filing by EFT.** Using EFT to submit your Sales, Use and Withholding tax payments eliminates the requirement to file monthly or quarterly paper returns, with the exception of the Annual Return (Form 165). Before any EFT application can be processed, the EFT signature page (Form 2330) must be completed and signed by an officer giving their title and returned to us. To find out more about the EFT process, please contact our Sales, Use and Withholding Taxes EFT Unit at (517) 373-8547; or visit our Web site which includes an EFT Q&A and all the required forms for registration and instructions:

# General Information About Sales Tax, Use Tax and Income Tax Withholding

## *Who must register and file returns?*

Businesses that make retail sales or hire employees must file periodic returns to pay the sales (or use) and the withholding taxes due. Treasury sets a monthly, quarterly or annual filing frequency depending on how much you owe. Your coupon book has the correct number of forms you need.

Your filing frequency may change over time. When it does, Treasury will notify you and send you the necessary forms. If you file only once annually and your accumulated sales, use and withholding taxes become \$750 or more, you must notify Treasury immediately. We will change your filing status and provide you with the appropriate tax returns.

## **Sales Tax**

You must register to pay sales tax if you make retail sales of goods in Michigan such as food, shoes, toys, clothes or appliances, **even if the items you sell are not taxable.**

Qualified nonprofit organizations. If your gross sales are less than \$5,000, you do not need to collect or pay sales tax. But any tax you do collect must be paid to Treasury regardless of the amount of gross sales. For example, if you expect your gross sales to be \$6,500 and collect sales tax, but later find your gross sales were only \$4,000 you must pay the sales tax collected to Treasury. See the worksheet instructions for line 5i on page 7. You must register even if the items you sell are not taxable. For more information, see page 39 to order *Revenue Administrative Bulletin 1995-3* or contact the technical unit at 517-373-3190. Revenue Administrative Bulletins can also be found on Treasury's Web site at: **[www.treasury.state.mi.us](http://www.treasury.state.mi.us)**

## **Use Tax on Sales and Rentals**

You must register and pay use tax if you:

- Are doing business in Michigan but do not have a retail location in Michigan;
- Voluntarily collect use tax for your customers;
- Sell telephone, telegraph and other leased wire communications services;
- Rent hotel and motel rooms or other accommodations; or
- Lease tangible personal property to Michigan customers from a Michigan or an out-of-state location.

## **Use Tax on Purchases**

Almost every business has a use tax liability. You must pay use tax on your purchases if you:

- Buy goods from out-of-state, unlicensed vendors, unless a valid exemption can be claimed.
- Buy inventory for resale on which no tax is due, then remove items from that inventory for personal or business use.
- Use the items you buy for resale to make gifts for friends and family or for other personal uses.

## **Income Tax Withholding**

You must register and pay income tax withholding if you:

- Pay wages to an employee; or
- Withhold income tax amounts from other kinds of payments (i.e. lottery winnings, insurance payments, retirement income, etc.).

For complete withholding information see the *Michigan Income Tax Withholding Guide*.

If you are self-employed, you must report and pay the tax quarterly using *Michigan Estimated Individual Income Tax Voucher* (MI-1040ES). This applies only if you expect your annual tax due to be more than \$500. If not, you may pay your income tax on the *Michigan Individual Income Tax Return* (MI-1040).

## ***Which form should I file and when should I file it?***

With this booklet you received the following forms personalized with your business name and account number: a discount voucher (for monthly filers only), a monthly (or quarterly) return, an annual return and a notice of change in your business status. Some of these forms may not apply to you. A description of the forms and their purposes follows.

**Combined Return for Michigan Taxes.** Monthly and quarterly filers who choose to file on paper use this form. Annual filers and EFT filers do not use this return. Monthly and quarterly filers must send either an EFT or a paper return even if no tax is due. If you owe no tax, send a zero EFT transmission or indicate zero tax due on your return.

This return and payment are due on or before the 15th of the month following the tax period (month or quarter). If the 15th falls on a holiday or weekend, the

due date is the first business day following the weekend or holiday.

When you file the paper return, you need to complete only one form and ***write one check*** for sales, use, withholding and single business taxes.

**Annual Return for Sales, Use and Withholding Taxes.** All sales tax, use tax and income tax withholding filers **must** file this return each year, even if no tax is due. This is the only return required from small businesses that file once a year. For taxpayers who submit monthly or quarterly returns, this return balances the tax due for the year with the monthly or quarterly payments made during the year. **Do not use the annual return instead of your monthly or quarterly returns.** The annual return and payment are due February 28.

**Notice of Change or Discontinuance.** Use this form to notify Treasury of any change in your account. You must report:

- Change in mailing address
- Change in legal business address
- Change in account number
- Discontinuance of business
- Sale of all or part of a business
- Sale of a business but operating another business
- Change of ownership, i.e., adding a partner or incorporating
- Change in seasonally active months

### ***More About the Discount Voucher***

**Who should use the discount voucher?** The voucher is only used by filers who pay ***part of their tax*** early. If you pay all your tax early, use the return; you will still get your full discount. If you use a voucher to make an early payment, you must still file a return, even if your balance due is zero.

**Discount Payment Voucher** (for sales and use taxes). See page 9 for instructions on how to apply the discount on the voucher. Monthly filers who owe less than \$1,200 in sales or use tax, quarterly filers and taxpayers who file just once a year **do not use this voucher.**

**Why can't I take the discount on the full tax paid at the 6 percent rate?** When the tax rate increased to 6 percent, the law required 100 percent of the 2 percent increase to go to the school aid fund. Therefore, the additional 2 percent cannot be discounted. To help clarify this we added charts to the instructions.

### ***What if I don't have returns?***

Not having returns does not relieve you of your obligation to pay timely. Send us a letter with your payment. Include in the letter your name, address, phone number, account number, return period and the amount and type of tax involved. We will forward forms to you as quickly as possible. You may also contact the Registration Section at 517-373-0888.

### ***What if I pay late or don't pay enough?***

Returns filed late or without payment of tax due are subject to both penalty and interest. Instructions for worksheet line 18 explain how to figure penalty and interest on monthly or quarterly returns. The annual return instructions for line 27 explain how to figure penalty and interest on annual returns. Additional penalties may be charged for failing to meet statutory requirements.

If we do not receive your return, Treasury will estimate your tax and bill you. Also, late filing of a return may result in an immediate assessment and possible legal action to collect unpaid taxes.

Legal action may include filing liens on real and personal property, levying on bank accounts or receivables, seizure and sale of assets and cancellation of your sales tax license. Business owners and corporate officers may be held personally responsible for unpaid taxes.

Monthly and quarterly taxpayers who fail to file the annual return are liable for a penalty of \$10 per day from the due date until the return is filed. Maximum penalty is \$400.

### ***License or Registration***

The sales tax license is renewable each year for a \$1 fee. All filers pay this fee with the annual return due February 28. Use tax and income tax withholding registrations are continuous and don't need to be renewed, except by the filing of the annual return.

Use your sales tax license only to buy property exempt for resale in your business. You ***may not*** use the license to purchase goods and supplies for your own use, unless you are paying the use tax on your return. See page 4 for more information about use tax.

Sales tax licensees who buy goods for resale must furnish their suppliers with the number printed on their sales tax license and a written statement that the goods are intended for resale. The number consists of one letter followed by your account number.

## ***Taxpayer's Account Number***

If you had a federal employer identification number (FEIN) when you registered, your Michigan taxpayer account number is your FEIN. If you did not have an FEIN when you registered, you have been assigned a Treasury (TR) number. In some instances, a Michigan Establishment (ME) number has been assigned.

You may have been assigned both an ME number and an FEIN, or multiple ME numbers. You can keep your tax accounts accurate by filing separate returns for each account number.

## ***Amended Returns***

To file an amended return, send a copy of the original worksheet with the corrected tax figures highlighted. Write your account number on your letter, your worksheet, and your check. Write "amended return" on the worksheet.

## ***Credits***

When filing a *Combined Return for Michigan Taxes* (Form 160) for a period in which you have a credit, enter zero (0) on the Total Payment line of the return. Carry the credit forward on your worksheets for each period until you have an amount due. Do not enter a credit on your *Combined Return*—our scanning equipment reads all entries as debits (money owed). See instructions for worksheet, line 21.

## ***Gasoline Retailers and Wholesalers***

Complete your *Combined Return for Michigan Taxes* or voucher first; then carry forward your payment figure to your *Gasoline Retailer Supplemental Report* (Form 2189) or to your *Gasoline Supplier and Wholesale Distributor Prepaid Sales Tax Report* (Form 429) and complete as instructed.

Attach your supplemental report to your return. Be sure your business name and account number are on all supplemental reports. This will ensure that you are credited properly for prepaid sales tax on gasoline.

The credit will reduce the amount of tax you will pay with your monthly or quarterly tax returns. Any credit above your tax due can be applied to your start-up loan from December 1983, or you may write us to request a refund.

## ***Seasonal Taxpayers***

You must file a return for each of the seasonally active months shown on your returns, **even if no tax is due**. Also, if you make sales or pay wages during the months when you are normally closed, you must file returns for those months.

## ***Returns Due After Selling or Quitting Business***

All taxpayers must submit a final monthly or quarterly return within 15 days after the date of selling or quitting business. **Your last annual return is due within 30 days after selling or quitting business.** An employer must provide his or her employees with wage and tax statements (W-2 forms) and report W-2 information to the state within 30 days after the last payment of wages. Contact the Tax Clearance Section at 517-241-5072 to be sure all debts have been satisfied.

## ***Easier Worksheets***

This book includes the instructions and worksheets you need to calculate your tax due and prepare returns for sales, use and withholding taxes. Most taxpayers collect and pay tax at only the 6 percent rate and don't need a worksheet with a 4 percent column. Taxpayers who still collect at the 4 percent rate will receive a different set of worksheets in January. If you don't receive the worksheets and need them, contact the Sales, Use and Withholding Taxes section (see page 3).

We also simplified your worksheets by moving the discount calculation off the worksheet and into the instructions. See the charts on pages 8 and 13.

**Keep** the completed worksheets for your records and for possible audit. **Do not** file your worksheet in place of filing a monthly, quarterly or annual return (see exception under Amended Returns on this page). Filing the wrong form delays crediting your account.

## ***Abandoned and Unclaimed Property***

- Every individual, partnership or corporation who has property belonging to someone whose last known address is in Michigan must report the property to the Michigan Department of Treasury by November 1 each year (see page 14).
- Check to see if the Michigan Department of Treasury is holding funds for you or your family. Visit our Web site at [www.treasury.state.mi.us](http://www.treasury.state.mi.us).

## ***Save Your Instruction Book***

To reduce waste, we have created an instruction book you can use from year-to-year. Please do not throw this book away at the end of the year. We may not mail new books next year. As always, we will send a book on request.

Taxes paid between the 7th and the 15th (including the 15th), are discounted 1/2 of 1 percent. **The discount applies only to the first 4% collected, not on the entire 6%.** Use the first chart to see if you need to do any calculation. If you do, use the second chart to figure your discount. Complete the chart once for use tax and once for sales tax.

**Summary**

**Line 17.**

Add lines 13, 14b and 16 and enter the total.

**Line 18.**

If a return is not filed or tax is not paid on time, you must pay a penalty. The penalty is the greater of \$10 or 5 percent of the tax due for the first month or part of month the return or payment is late. Penalty is another 5 percent of the tax due for each additional month or part of a month you fail to file or pay. The maximum penalty is 50 percent. The minimum penalty is \$10 and is due on a late return even when there is no tax due.

You must also pay interest of 1 percent above the prime rate from the day the tax is due until it is paid. The interest rate is adjusted on January 1 and July 1.

**Example:** A June return is due July 15th. If it is received between July 15th and August 15th, add 5 percent penalty, or \$10 minimum for each

tax, plus interest at 1 percent above the prime rate as computed on the total tax due shown on line 17.

**Line 19.**

Single Business Tax Estimate. For information on filing a combined estimate, see page 14.

**Line 20.**

Add lines 17, 18 and 19 and enter total.

**DO NOT ENTER CREDIT FIGURES ON THE RETURN.**

Using credit figures on these forms may create a tax assessment against you. Carry credits forward on your worksheet instead.

**Line 21.**

Enter any credits for your account on this line.

**Line 22.**

Subtract line 21 from line 20. This is the amount of tax due. Enter this amount on your combined return and make your check payable for this amount.

**IMPORTANT:** Reduce each of the taxes reported on the combined return to reflect the amount of the credit. If the amount on worksheet line 22 is less than zero, enter zero on your return. Do not put amounts on any other line. Carry the rest of the credit forward to the worksheet for the next filing period.

## Filing Instruction for Your Returns and Vouchers

To prepare your returns accurately, complete your worksheet before attempting to complete your return. Each item on the return corresponds to a line number on the worksheet.

Enter your amounts carefully and completely in the boxes provided.

**Do not write any messages, credit amounts or symbols (+, -, ( ) ) on the returns or vouchers; our returns are processed by machines. Instead, use the Notice of Change or Discontinuance form or write to us.**

Use the *Combined Return for Michigan Taxes* if you are paying all the taxes due at one time either on the 7th or the 15th. If you are paying only part of your tax, use the *Discount Payment Voucher*. The voucher is a payment form only and does not replace your return. We still require a return, even if no tax is due.

Complete the form carefully and detach it. Make sure you are sending the form for the correct filing period. Make your check

payable to the State of Michigan. Do not fold your check or this form. Using a #10 business envelope, mail the form and check to the address printed on the bottom of your return or voucher.

**The Discount Voucher.**

On the first line, enter the amount of each tax (sales or use) you are paying early. Remember, if you are paying all your tax (even by the 7th), use the monthly/quarterly return.

On the second line, enter the amount of discount for each tax type that you computed using the charts on page 8.

Net tax (Sales or Use tax minus discount). Subtract the discount from the amount due and enter on the third line.

# General Instructions for Filing Your Annual Sales, Use and Withholding Taxes Return

## ***Annual Return Filing Requirements***

You must file the annual return if you are registered for sales or use tax or income tax withholding in the State of Michigan. Monthly and quarterly filers must file an annual return on a calendar-year basis (not your fiscal year).

Taxpayers that have multiple active account (ME and/or FEIN) numbers in a tax year are **required** to file separate Annual Returns for each account number assigned. Please take time to identify the registered tax types for each account number and include only those tax figures on the corresponding Annual Return. If you have secured an outside payroll or accounting agency, please coordinate this filing responsibility with them.

If during the year your accumulated sales, use and withholding taxes become \$750 or more, you must notify Treasury to change your filing status and provide you with the appropriate tax returns.

All annual returns must be signed and dated by the taxpayer or the taxpayer's authorized agent. This may be the owner, partner, corporate officer or officer's agent or association member, officer or agent. No other person may sign for the taxpayer in the taxpayer's signature box.

## ***W-2 Wage and Tax Statements***

You must furnish W-2 statements to your employees by January 31 unless you go out of business or stop being an employer. Any employer who goes out of business or permanently stops being an employer must furnish a completed W-2 to each employee within 30 days after the last wage payment (not January 31).

Wage and tax information for Michigan must be submitted with your annual return by February 28 unless you go out of business or stop being an employer. In these cases, the W-2 information must be submitted within 30 days of the last payment of wages.

You do not need to send *Federal 1099* forms unless they include Michigan withholding information.

Employers with Michigan employees must report W-2 information to the state.

If you have 250 or more Michigan employees, you must report using magnetic tapes or diskettes. If you have fewer than 250 employees, you may report using magnetic media or using the state copy of the federal W-2. See page 28 for specifics about magnetic reporting.

**Mail your annual return and all W-2 information to:**

## **MOST COMMON MISTAKES MADE BY TAXPAYERS**

1. Not placing the annual return label on the annual return form.
2. Incorrectly entering gross sales figures on the sales tax due line of the return.
3. Using a tax line as a subtotal line on the return.
4. Changing the information on a return or using another taxpayer's return as their own.
5. Not sending a return when there is no tax due.
6. Reporting a single business tax on the *Combined Return for Michigan Taxes* but submitting the payment using the Single Business Tax Estimate form.
7. Incorrectly calculating the early payment discount.
8. Not notifying the department of a change in address or change in accountants.
9. Mailing more than one return for the same month.
10. Mailing a payment for an account without a return.
11. Placing a credit instead of a zero (0) on the tax due line of the return.

# ANNUAL RETURN

## Line-by-Line Instructions

**Note:** If you pay only income tax withholding or file once a year and do not have deductions, use the instructions on page 13.

### **Sales & Use Tax**

**Lines 1 through 9.** Monthly and quarterly filers, in each column add the entries from all your worksheets for the year and enter the totals on the corresponding line on the annual return.

**Taxpayers who file once annually,** follow the line-by-line instructions for the monthly and quarterly worksheet, beginning on page 7.

**Line 10.** Add lines 8 and 9 and enter the totals in each column.

**Line 11. Taxpayers filing monthly or quarterly,** enter the total discounts allowed for the year in each column. Sum the amounts from the monthly or quarterly worksheet line 11 in each column.

**Taxpayers filing once annually** receive a discount if the return is filed timely. By law, the discount applies only to two-thirds of the tax collected. Use Chart 3 on page 13 to figure your discount.

If you opened for business late in the year or ended your business early in the year, the \$6 per month discount is allowed only for the months you were in business.

No discount is allowed if the return is filed after February 28.

**Line 12.** Net tax due. Subtract line 11 from line 10 and enter the differences in each column.

**Line 13. Column B.** If you are registered for sales tax, enter \$1 on your worksheet.

**Line 14.** Enter the total amount of each tax paid after discounts

during the report year. Be sure to include the amount from your gasoline retail or gasoline supplier and wholesale reports. Do not include any penalties or interest paid. This amount should be the total of all payments for the year from your monthly/quarterly worksheet line 12 (both rate columns).

### **Use Tax on Purchases Only**

**Line 15.** Enter purchases which were taxable at the 6 percent rate. Multiply by .06 and enter the tax due on the line at the far right.

**Line 16.** Enter the use tax on purchases paid during the year. This amount should be the total of all payments for the year from your monthly/quarterly worksheet line 14b.

### **Income Tax Withholding**

**Line 17.** Enter your gross Michigan payroll and other taxable compensation for the year.

**Line 18.** Enter the number of W-2 statements plus 1099s and 1099Rs with Michigan withholding that you are submitting for the year.

**Line 19.** Enter the total Michigan income tax withheld for the year as shown on the W-2 statements.

**Line 20.** Enter the total Michigan income tax withheld that was paid on your monthly or quarterly returns. This should be the total of line 16 on all your worksheets for the year. (Do not include penalty and interest.)

### **Summary**

**Line 21.** Total the taxes due. Add lines 12A and B, 13B, 15b and 19 and enter the total here.

**Line 22.** Total taxes paid. Add lines 14A and B, 16 and 20 and enter the total here.

**Line 23.** If line 22 (tax paid) is greater than line 21 (tax due), enter the difference (overpayment) here.

**Line 24.** Enter the amount of the overpayment that you want applied to your next monthly or quarterly return. Treasury will notify you when your credit is available.

**Line 25.** Enter the amount of overpayment from line 23 you want refunded to you. Refunds will not be made in amounts of less than \$1.

**Line 26.** If line 22 (tax paid) is less than line 21 (tax due), enter the additional tax due. Pay any amount \$1 or over with this return.

**Line 27.** If your return is late, compute the penalty and interest due. If no tax is due on line 26, the penalty is \$10 per day to a maximum of \$400.

If you have a tax due on line 26, the penalty is as follows:

- For the first month or part of a month, the penalty is \$10 or 5 percent of the tax (line 26), whichever is greater.
- Another 5 percent is due for each additional month the return is not filed or tax is not paid.
- Maximum penalty is 50 percent of tax due.
- Interest is due at the rate of 1 percent above the prime interest rate from the day the tax is due until it is paid. (The prime rate will be adjusted January 1 and July 1.)

**Line 28.** Amount due with this return. Add lines 26 and 27. Make check payable to the "State of Michigan." Please write your account number on your check or money order. Do not pay if the amount due is less than \$1.

## Simplified Instructions for Filers With No Deductions

***Not registered for Sales or Use? Skip to step 9.***

- Step 8:** Unless you paid tax during the year, line 14 should be zero.
- Step 9:** If you bought any goods during the year from an out-of-state vendor and did not pay sales tax on them or if you took items from inventory for personal or business use, complete lines 15 and 16. See page 4 for more information about the use tax.

**Michigan Department of Treasury  
Lansing, MI 48922**

**Enter \$72 on worksheet line 11.**

## Single Business Tax Estimate

*Single Business Tax (SBT) is a tax on business activity conducted in Michigan. SBT is due only if you expect your adjusted gross receipts to be more than \$250,000 for the tax year. As a convenience to taxpayers, you may pay your estimated SBT with your sales, use and withholding (SUW) taxes return. If you choose this option, you need to file only one form and write one check for all the taxes you pay. If you regularly use your SUW return to make SBT payments, we will not send you personalized SBT estimate forms.*

### Who must file?

If you expect your annual SBT liability to exceed \$600, you must make estimated payments. You may make your payments with either of following returns:

*Single Business Tax Quarterly Return (C-8002), or Combined Return for Michigan Taxes (160).*

### How much should I pay?

You may estimate your payment using one of the following methods:

- 1 percent of gross receipts for the period, or
- 25 percent (quarterly) or 8.33 percent (monthly) of your preceding year's single business tax liability (only if preceding year's tax liability is less than \$20,000), or
- 25 percent (quarterly) or 8.33 percent (monthly) of 85 percent of your estimated SBT for the year, or
- SBT computed on the actual tax base of the period.

Enter the estimated SBT payment amount on line 19 of the monthly worksheet in this booklet.

No interest will be charged if payments are made on time and:

- The sum of the estimated payments equals at least 85 percent of your annual liability, and the amount of each payment reasonably approximates the tax liability incurred during the period; or
- The sum of the estimated payments equals at least 1 percent of your gross receipts for the tax year, and the amount of each payment reasonably approximates the tax liability incurred during that period; or
- The sum of the four (or 12 if filing monthly) estimated payments equals your previous year's tax liability provided your previous year's liability was \$20,000 or less and the payments were made equally over the year.

### How do I report these payments?

Regardless of which form you use to file estimated SBT payments, report **all** SBT estimate payments on your annual SBT return. An annual return is required only from taxpayers whose apportioned gross receipts (plus recapture of the capital acquisition deduction) exceed \$250,000. If your gross receipts are below this filing requirement, but you made estimated payments during the tax year, file a return to claim a refund of your payments.

**For more information, see the Single Business Tax Instruction book, or call 517-373-8030 (SBT only).**

## Abandoned and Unclaimed Property

*Michigan's Uniform Unclaimed Property Act was created to protect unclaimed property and return it to its rightful owners.*

### Who must report?

Every individual, partnership or corporation who has property belonging to someone whose last known address is in Michigan must report. If the owner's last known address is in another state or country and the holder does not report under the provisions of that state or country, then report those interests to Michigan.

### What must be reported?

Report intangible property like cash, checks, drafts, deposits, interest, stocks, dividends and unpaid wages.

Report tangible property like the contents from safe deposit boxes.

### How long should I keep property before reporting it?

You must report all property in your custody that belongs to someone else and has gone unclaimed for five years. Different properties have different dormancy periods. Contact the Unclaimed Property Division for dormancy periods for specific types of property.

### What if I have nothing to report?

If you do not have any unclaimed funds to remit, you do not need to file a report.

### When do I file?

Your report is due by November 1 and must contain all items considered unclaimed as of June 30. You must enclose payment with the report to cover the amount reported. If you have unclaimed property that should be reported and fail to pay or deliver it to the State of Michigan, you may be liable for interest at the current monthly rate of 1 percentage point above the adjusted prime rate on the value of the property. There are also civil penalties that may apply for not filing.

### How do I claim funds?

To check to see if the Michigan Department of Treasury is holding funds for you or your family, visit our Web site at [www.treasury.state.mi.us](http://www.treasury.state.mi.us).

# Magnetic Reporting of W-2 Information to Michigan Department of Treasury

## General Information

The Michigan Department of Treasury requires employers with 250 or more Michigan employees to file MI-W-2 information on magnetic tapes or diskettes. Smaller employers are encouraged to use magnetic media, but may file using the state copy of the federal W-2. W-2 reports are due February 28. Late filing is subject to penalty as provided under the Revenue Act.

Effective January 1, 2002 (for tax year 2001) it is mandatory for Social Security Administration (SSA) reporting to use the MMREF-1 format as published by the Department of Health and Human Services dated May, 2001. The state of Michigan will accept both the TIB-4 (current state format) and the new federal MMREF-1 format.

**If you choose to send us a copy of your federal filing, you must be sure that the Code RS State Record (optional for federal reporting) is filled in.**

You do not need to apply in advance to submit W-2 information on magnetic media, or submit test media. You must, however, file the *Transmittal for Magnetic Media Reporting of W-2s, W-2Gs and 1099s to the State of Michigan* (Form 447) with your magnetic tapes or diskettes. If this form is not completed and included with your media, your media may be rejected and returned to you unprocessed.

If your transmittal, tapes or diskettes indicate any unacceptable specifications, they will be returned to you. If your tapes or disks are returned to you for this reason, it is your responsibility to resubmit them in an acceptable format. However, the original submission is considered a timely filing if it was mailed by February 28.

Do not enclose your annual return with your W-2 report. Mail your annual return to the address on the form. Mail your W-2 reports to the address at right. Do not send paper W-2 reports with a magnetic W-2 report. Do not duplicate on paper forms any information filed on magnetic media.

## Waivers and Extensions

Section 365, subsection 1, of the Income Tax Act of 1967, [MCL 206.365 (1)] states that a duplicate of form W-2 made pursuant to this section and an annual reconciliation return shall be filed with the Department of Treasury by February 28 of the succeeding year. The department cannot grant an extension.

## Retention

Tapes and disks that are acceptable to process will not be returned. You should keep a copy of your magnetic media file for 14 months. You must keep a copy of the W-2 data, or be able to reconstruct the data, for six years after the due date of the report.

## Corrections

Corrected magnetic media files should be clearly marked "CORRECTED" and sent to the address below. Paper W-2Cs that are correcting W-2s submitted on magnetic media should also be sent to the address below.

## Mailing Information

The tapes or diskettes must arrive in good condition. Tapes must be placed in plastic reel containers and packed in cartons. Diskettes must be packed in cardboard diskette mailers. The packages should be labeled as containing magnetic media and should be marked "fragile."

**Ship packaged magnetic media with your completed transmittal (Form 447) to:**

**Return Processing Center  
Magnetic Media Unit - SUW  
Michigan Department of Treasury  
Lansing, MI 48922**

## Web Site

For general information regarding Sales, Use and Withholding Taxes, visit our Treasury Web site at: **[www.treasury.state.mi.us](http://www.treasury.state.mi.us)**

## Michigan Diskette Technical Requirements

Data must be recorded in ASCII on 5.25 or 3.5 inch double density or high density diskettes. **We do not accept 8 inch diskettes.** When transferring files from 8-inch diskettes, use only the DOS random file format. Do not use the ASCII text file format. Each diskette must contain the eight-character entry W-2REPORT as the file name. The diskette must not contain any files other than W-2REPORT. Record data in upper case letters only.

Label each diskette on the outside with this information: name and FEIN of transmitter, type of document represented (W-2), payment year and number of employees. For multi-volume diskette reports, the diskette labels MUST indicate the proper sequence (e.g., Vol. 2 of 3).

We require the data below for each diskette submitted. If the diskette contains records or data other than that listed, it will not be read. Record length must not be more than 128.

Diskettes must be formatted with DOS 2.X or above. Be sure to format the diskette to the proper size. Don't format double density diskettes as high density diskettes. If a multi-volume file is needed, create it using the DOS "backup" command. Do the backup from the root directory of your C: drive.

MI-W-2 employee name and address and state tax information must be reported in the Code 1S and 2S record (these are defined in the federal specifications but are optional for federal filing.) In most cases we can accept a copy of your federal diskettes as long as employee information is properly recorded in the Code 1S and 2S records.

## Michigan Tape Technical Requirements

Each reel of tape must be identified externally with a stick-on label listing name and federal employer identification number (FEIN) of transmitter, type of document represented (W-2), payment year, number of employees, density, recording mode, record size and blocking factor.

Treasury will accept tapes with data written on half inch magnetic tape in the unpacked mode on 9-track tape. 6250 bits per inch recording density is preferred; but 1600 bits per inch is also acceptable. We will accept tapes with odd parity. We are able to process tapes with a choice of options in each category -- Recording Mode: EBCDIC/ASCII; Internal Labels: Optional; Tapemarks: Optional; Record Length: 276; Blocking Factor: 1-25 is acceptable. We will accept low order signed fields or unsigned fields only.

We will accept IBM 3480 compatible half-inch tape cartridge, 18-track non-compressed, written with ANSI X3.27 1969 (ANSI69) tape labels. For IBM sites, this is an "IBM nonstandard label." The data and labels should be written in EBCDIC. The density is 38,000 bpi.

Multi-volume tapes are not acceptable. We require only the data below for each tape submitted. If the tape contains records or data other than that listed, it will not be read. Record data in upper case letters only.

MI-W-2 employee name and address and state tax information must be reported in the Code S record (S records are defined in the federal specifications but are optional for federal filing.) In most cases we can accept a copy of your federal tape as long as employee information is properly recorded in the S record.

## W-2G and 1099 Series Forms

We do not require the filing of W-2G or 1099 information by payers unless Michigan taxes have been withheld.

Michigan does not participate in the combined Federal/State Filing Program of W-2G or 1099 series forms and we cannot accept the tape or disk format provided by the federal government for W-2G or 1099 information. Payers with 250 or more W-2G or 1099 records to report must file the information to Michigan using the W-2 magnetic media specifications. Payers with fewer than 250 W-2G or 1099s to report may file either magnetic media or the paper copy of the W-2G or 1099 with the annual return.
